Customer Reviews

New at starting your vegetables well this book right here shall help. Just spectacular!!!real do it yourself and green house ideas as well.

A great general purpose book for growing vegetables. Can be a benefit to both new gardeners and experienced gardeners. Give great guidance for timing of planting and harvesting, conditions necessary for seed germination and helpful descriptions of different varieties of several vegetables. Well worth the price!

New at starting your vegetables well this book right here shall help. Just spectacular!!!real do it yourself and green house ideas as well.

This book gives you all you need for beginning gardening and planting season.Great companion book with the Square foot gardening book
